Other Special Values

- `NULL` - undefined, can't be put into a vector

- `NaN` - not a number (0/0)

- `Inf` - infinity (1/0), can be negative

Exercise C

Open exercises/exerciseC.R

```
animals <- sample(c("pig", "cow", "horse", "duck", NA),
                  30, replace=TRUE)
```

Print `animals`, get the length

Make a table
